🌐 Personal Portfolio

PROFILE

I am an enthusiastic UI/UX Designer with a sharp eye for detail and a strong passion for creating seamless, user-friendly designs. Skilled in wireframing, prototyping, and building visually appealing interfaces, I strive to transform complex ideas into simple and engaging digital experiences. My goal is to design products that not only look good but also provide smooth and intuitive interactions for users.

EDUCATION

BSc. (Hons) in Computing & Information Systems   **2023 - Present**
Sabaragamuwa University of Sri Lanka

G.C.E Advanced Level - Physical Science Stream   **2017- 2020**
H/ Walasmulla National School

PROJECTS

MindLink | Group ⧉ Bē ⊙

An AI-powered mobile quiz app that converts study materials into interactive quizzes using NLP to enhance learning engagement.
- **Contribution:** Led the UI/UX design process, including wireframing and prototyping, and developed the subject selection and question data modules to ensure smooth quiz navigation.
- **Technologies Used:** Figma, Flutter, Firebase, Python.

NeoConvert | Individual ⧉ Bē

A streamlined PDF editor platform designed for fast and intuitive document management, offering essential tools for editing, organizing, and converting PDFs with ease.
- **Contribution:** Designed the complete UI/UX process, including wireframing and interactive prototyping in Figma, focusing on usability, accessibility, and a clean visual hierarchy.
- **Technologies Used:** Figma

Meditation & Mindfulness App Design | Individual ⧉ Bē

A mobile app designed to enhance relaxation, focus, and emotional balance through guided sessions and mood tracking.
- **Contribution:** Designed the full UI/UX in Figma, including wireframes, user flows, and prototypes with a focus on usability and calming visuals.
- **Technologies Used:** Figma

FlowerLover | Individual ⧉ Bē

An elegant online flower shop interface designed to make browsing and gifting flowers effortless, featuring soft visuals, clear layouts, and an intuitive shopping flow.
- **Contribution:** Designed the complete UI/UX in Figma, including wireframes, user flows, and interactive prototypes, focusing on simplicity, aesthetic appeal, and smooth user navigation.
- **Technologies Used:** Figma

Ice Cream Shop Website | Individual ⌑

A responsive and interactive website showcasing various ice cream flavors with dynamic menus, smooth animations, and an integrated contact form for customer inquiries.

- **Contribution:** Designed and developed the complete front-end, focusing on user-friendly navigation and appealing visual design.
- **Technologies Used:** HTML, CSS, JavaScript

Sri Lankan Train Transport | Individual Xd

A modern and intuitive train booking interface focused on clear navigation, real-time updates, and a smooth, user-friendly booking experience.

- **Contribution:** Created the full UI design in Adobe XD, focusing on layout structure, visual hierarchy, accessibility, and a consistent and user-friendly interface.
- **Technologies Used:** Adobe XD

TECHNICAL SKILLS

- **UX Design:** Wireframing, Prototyping, User Flows
- **Research & Testing:** User Research, Usability Testing
- **Tools:** Figma, FigJam, Adobe XD
- **Languages :** HTML, JavaScript, CSS, PHP, Java
- **Databases:** MySQL, MongoDB

SOFT SKILLS

- Teamworking
- Self-Learning Ability
- Problem-Solving
- Communication
- Leadership
- Time Management

ACHIEVEMENTS

- HackElite 1.0 – Online Quiz Winner Top 90+ teams | IEEE WIE, University of Moratuwa (2024) | Team: Alpha Femmes

COURSES

- Web Design for Beginners - UOM

EXTRA CURICULAR ACTIVITIES

- IEEE Member | Student Branch, SUSL
- Member - Society of Computer Science, Faculty of Computing, SUSL
